Local purchase of steel flanged pipes required for the Bellary water supply scheme.

****

I forward herewith an application in triplicate for the local purchase of steel flanged pipes required for the Bellary water supply scheme. Tenders for the supply of the pipes were called for by public advertisement and as the quotations of Messrs.Walker and Co.were the lowest received, the purchase is proposed to be made from that firm.

As the articles are required urgently so as to give water supply to the town by November 1926 in accordance with G.O.No.1894 P.H., dated 12-9-1925, and as the Superintending Engineer states that serious inconvenience to the Public Service would be caused by waiting to obtain the articles from England, I request that the local purchase may be sanctioned at an early date under rule 5 of the Stores Rules.

2. The Superintending Engineer reports that the articles are at present available in India and that a sum of Rs.25,000 is set apart to meet the cost of the pipes in the current official year.

P Ranganayakulu 2/2/26
